Emissary

2015-04-07 Betsy Dornbusch Draken vae Khellian, bastard cousin of the Monoean King, had risen far from his ignominious origins, becoming both a Bowrank Commander and a member of the Crown's Black Guard. But when cursed black magic took his wife and his honor away, he fought past his own despair and grief, and carved out a new life in Akrasia. His bloody, unlikely path, chronicled in *Exile: The First Book of the Seven Eyes*, led him to a new love, and a throne. Draken has seen too much blood . . . the blood of friends and of enemies alike. Peace is what he wants. Now he must leave his wife and newborn child in an attempt to forge an uneasy peace between the Monoean King and the kingdom of Akrasia. The long bloody shadow of Akrasia's violent past hangs over his efforts like a shroud. But there are other forces at work. Peace is not something everybody wants . . . not even in the seemingly straightforward kingdom of Draken's birth. Factions both known and unknown to Draken vie to undermine his efforts and throw the kingdom into civil war. Forces from his days in the Black Guard prove to be the most enigmatic, and a bloody tide threatens to engulf Draken's every step.

Saucer: Savage Planet

2015-08-06 Stephen Coonts One year ago a young archaeological intern named Rip Cantrell made an impossible discovery in the sandstone rock of the Sahara. Now, at the bottom of the Atlantic Ocean, scientists have recovered another such alien aircraft. The expedition is funded by a powerful pharmacology magnate, convinced these extra terrestrial saucers are key to the breakthrough necessary for mankind to achieve intergalactic travel. Not to mention the profits associated with it. Yet it is not only humankind with a vested interest in the discovery. For an alien refugee - stranded on earth for the past millennium, and now masquerading as one of the operation's technicians - it represents a potential beacon to his kin. When this alien finds the aircraft's communications gear to be damaged, he is forced to make contact with the only people on earth with previous experience of summoning a saucer: Rip Cantrell, his uncle Egg, and ex-pilot Charley Pine. As the world's population lives in fear of alien intrusion, and its powers fight for position, Rip and Charley find themselves presented with their own dilemma: to stay grounded on their earth, or to seek a destiny beyond the stars.
